Critics' Choice – Robert Therrien at Parasol unit

Jackie Wullschlager, *Critics' Choice – Financial Times*, 8 October 2016

Robert Therrien

Parasol Unit, London

Three spheres form a snowman in the upper gallery, turn sideways to melt into a cloud, acquire taps and drip silver raindrops in the lower gallery, where wings flutter trapped in frames, and doors and keyholes open on to – what? This delightful Alice-in-Wonderland show of fairy-tale minimalist Therrien's little-known early works, all turning on impermanence, is a revelation.
