**Here and There:
Painting by Lisa Milroy**

Parasol Unit, London

First London public gallery show for the 58-year-old still life painter who not only depicts everyday objects but paints the items themselves as three-dimensional works, and stages performances that animate them as installations. Shoes and clothes – “Up and Down”, “Party of One”, “Off the Rails (Ahmedabad)” – are the main motifs in her sustained exploration of the body and materiality through pattern and colour.
